^ The principal amount is stated in U.S. dollars unless otherwise indicated.

(a) Security that may be sold to qualified institutional buyers under Rule 144A of the Securities Act of 1933, as amended. At July 31, 2025, the aggregate value of these securities was \$53,566,721, representing 21.5% of net assets.

(b) Floating/Variable note with current rate and current maturity or next reset date shown. Certain variable rate securities are not based on a published reference rate and spread, but are determined by the issuer or agent and are based on current market conditions. These securities do not indicate a reference rate and spread in their description above.

(c) Step coupon bond.

**DOMINI IMPACT BOND FUND  
PORTFOLIO OF INVESTMENTS (continued)  
July 31, 2025**

(d) Security represents the right to receive only monthly interest payments on an underlying pool of mortgages or assets. Principal shown is the outstanding par amount of the pool as of the end of the period.

(e) A portion or all of the security was purchased as a when issued or delayed delivery security.

(f) Security exempt from registration under Regulation S of the Securities Act of 1933, as amended, which exempts from registration securities offered and sold outside the United States. Security may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act of 1933, as amended. At July 31, 2025, the aggregate value of these securities is \$13,747,755 or 5.5% of the Fund's net assets.

(g) Unfunded or partially unfunded loan commitments. The stated interest rate reflects the weighted average of the reference rate and spread for the funded portion, if any, and the commitment fees on the portion of the loan that is unfunded. At July 31, 2025, the total value of unfunded loan commitments is \$4,533.

(h) Represents an unsettled loan contract. The coupon rate will be determined at time of settlement.

(i) The aggregate cost for federal income tax purposes is \$288,352,415. The aggregate gross unrealized appreciation is \$1,912,243 and the aggregate gross unrealized depreciation is \$15,549,181, resulting in net unrealized depreciation of \$13,636,938.

## 1. ORGANIZATION

The Domini Investment Trust is a Massachusetts business trust registered under the Investment Company Act of 1940 as an open-end management investment company. The Domini Investment Trust comprises four separate series: Domini Impact Equity Fund, Domini Sustainable Solutions Fund, Domini Impact International Equity Fund, and Domini Impact Bond Fund (each the “Fund,” collectively the “Funds”). The financial statements of the Domini Impact Bond Fund are included elsewhere in this report. Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (the “FASB”) Accounting Standard Codification Topic 946 “Financial Services — Investment Companies”.

The Domini Impact Equity Fund offers three classes of shares: Investor shares, Institutional shares, and Class Y shares. The Domini Sustainable Solutions Fund offers two classes of shares: Investor shares and Institutional shares. The Domini Impact International Equity Fund offers three classes of shares: Investor shares, Institutional shares, and Class Y shares. The Investor shares, Institutional shares and Class Y shares are sold at their offering price, which is net asset value.

On July 26, 2024, the Class A shares of the Domini Impact Equity Fund and Domini Impact International Equity Fund converted into each Fund’s respective Investor shares with the same relative aggregate net asset value as the original shares held immediately prior to such conversion. Prior to this conversion, the Class A shares were sold with a front-end sales charge (load) of up to 4.75%.

All classes of shares have identical rights and voting privileges with respect to the Fund in general and exclusive voting rights on matters that affect that class alone. Earnings, net assets, and net asset value per share may differ due to each class having its own expenses, directly attributable to that class. The Funds seek to provide their shareholders with long-term total return.

## 2. SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of the Funds’ significant accounting policies.

**(A) Valuation of Investments.** The net asset value (or NAV) of each class of shares of each Fund is determined as of the scheduled close of regular trading on the NYSE, normally 4 p.m., Eastern Time, on each day the NYSE is open for trading.

Securities listed or traded on national securities exchanges are generally valued at the last sale price reported by the security’s primary exchange or, if there have been no sales that day, at the mean of the current bid and ask price that represents the current value of the security. Securities listed on the NASDAQ National Market System are valued using the NASDAQ Official Closing Price (the ‘NOCP’). If an NOCP is not available for a security listed on the NASDAQ National Market System, the security will be valued at the last sale price or, if there have been no sales that day, at the mean of the current bid and ask price.

When a market price is not available, or when Domini Impact Investments LLC (Domini), the Funds’ valuation designee, has reason to believe that the price does not represent market realities, the securities will be valued using fair value methods.

Because trading hours for certain foreign securities end before the close of the NYSE, closing market quotations may become unreliable. Domini generally will apply adjusted prices provided by an independent pricing service for foreign securities held by the Domini Sustainable Solutions Fund and Domini Impact International Equity Fund in an effort to reflect valuation changes through the close of the NYSE.

The valuation designee follows a fair value hierarchy that distinguishes between (a) market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (b) the valuation designee's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). These inputs are used in determining the value of the Funds' investments and are summarized in the following fair value hierarchy:

Level 1 — quoted prices in active markets for identical securities

Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, and evaluated quotations obtained from pricing services)

Level 3 — significant unobservable inputs (including the valuation designee's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used by the Domini Impact Equity Fund, as of July 31, 2025, in valuing the Fund's assets carried at fair value:

**(B) Foreign Currency Translation.** Securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts on the date of valuation. Purchases and sales of securities, and income and expense items denominated in foreign currencies, are translated into U.S. dollar amounts on the respective dates of such transactions. Occasionally, events impact the availability or reliability of foreign exchange rates used to convert the U.S. dollar equivalent value. If such an event occurs, the foreign

exchange rate will be valued at fair value using procedures established and approved by the Board of Trustees. The Funds do not separately report the effect of fluctuations in foreign exchange rates from changes in market prices on securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments. Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in fair value of assets and liabilities other than investments in securities held at the end of the reporting period, resulting from changes in exchange rates.

**(C) Foreign Currency Contracts.** When the Funds purchase or sell foreign securities, they enter into foreign exchange contracts to minimize foreign exchange risk from the trade date to the settlement date of the transactions. A foreign exchange contract is an agreement between two parties to exchange different currencies at an agreed-upon exchange rate on a specified date.

**(D) Investment Transactions, Investment Income and Dividends to Shareholders.** Investment transactions are accounted for on trade date. Realized gains and losses from security transactions are determined on the basis of identified cost. Interest income is recorded on an accrual basis. Dividend income, net of any applicable withholding tax, is recorded on the ex-dividend date or for certain foreign securities, when the information becomes available to the Funds. The Funds earn income daily, net of Fund expenses. Dividends to shareholders are usually declared and paid semi-annually from net investment income. Distributions to shareholders of realized capital gains, if any, are made annually. Distributions are determined in conformity with income tax regulations, which may differ from generally accepted accounting principles. Reclassifications have been made to the Funds' components of net assets to reflect income and gains available for distribution (or available capital loss carryovers, as applicable) under income tax regulations.

**(E) Federal Taxes.** Each Fund's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income, including net realized gains, if any, within the prescribed time periods. Accordingly, no provision for federal income or excise tax is deemed necessary. As of July 31, 2025, tax years 2021 through 2024 remain subject to examination by the Funds' major tax jurisdictions, which include the United States of America, the Commonwealth of Massachusetts, and New York State.

**(F) Redemption Fees.** Redemptions and exchanges of Fund shares held less than 30 days may be subject to the Funds' redemption fee, which is 2% of the amount redeemed. The fee is imposed to offset transaction costs and other expenses associated with short-term investing. The fee may be waived in certain circumstances at the discretion of the Funds. Such fees are retained by the Funds and are recorded as an adjustment to paid-in capital.

The redemption fee was waived by the Funds' Board of Trustees and was no longer imposed by the Fund effective August 16, 2021.

**(G) Other.** Income, expenses (other than those attributable to a specific class), gains, and losses are allocated on a daily basis to each class of shares based upon the relative proportion of net assets represented by such class. Operating expenses directly attributable to a specific class are charged against the operations of that class.

**(H) Indemnification.** The Funds' organizational documents provide current and former trustees and officers with a limited indemnification against liabilities arising in connection with the performance of their duties

**DOMINI IMPACT INTERNATIONAL EQUITY FUND**

to the Funds. In the normal course of business, the Funds may also enter into contracts that provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the Funds. The risk of material loss from such claims is considered remote.

**(I) Segment Reporting.** During this reporting period, each of the Funds adopted FASB Accounting Standards Update 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures (ASU 2023-07), which requires incremental disclosures related to a public entity's reportable segments. Each Fund operates as a single reportable segment, an investment company whose objective is included in Note 1. In connection with the adoption of ASU 2023-07, the Funds' President acts as the Funds' Chief Operating Decision Maker (CODM), who is responsible for assessing the performance of the Funds' single segment and deciding how to allocate the segment's resources. To perform this function, the CODM reviews the information in the Funds' financial statements.

### **3. TRANSACTIONS WITH AFFILIATES**

**(A) Manager/Sponsor.** The Funds have retained Domini to serve as investment manager and administrator. Domini is registered as an investment adviser under the Investment Advisers Act of 1940. The services provided by Domini consist of investment supervisory services, overall operational support, and administrative services. The administrative services include the provision of general office facilities and supervising the overall administration of the Funds. For its services under the Management Agreements, Domini receives from each Fund a fee accrued daily and paid monthly at the annual rate below of the respective Funds' average daily net assets before any fee waivers:

Domini Impact Equity Fund	0.20% of the first \$2 billion of net assets managed, 0.19% of the next \$1 billion of net assets managed, and 0.18% of net assets managed in excess of \$3 billion
Domini Sustainable Solutions Fund	0.85% of the first \$500 million of net assets managed, 0.83% of the next \$500 million of net assets managed, and, 0.80% of net assets managed in excess of \$ 1 billion
Domini Impact International Equity Fund	0.94% of the first \$ 250 million of net assets managed, 0.83% of the next \$250 million of net assets managed, 0.75% of the next \$250 million of net assets managed, 0.73% of the next \$250 million of net assets managed, and 0.70% of net assets managed in excess of \$ 1 billion

Pursuant to a Sponsorship Agreement (with respect to the Domini Impact Equity Fund) Domini provides the Fund with the administrative personnel and services necessary to operate the Fund. In addition to general administrative services and facilities for the Fund similar to those provided by Domini under the Management Agreement, Domini answers questions from the general public and the media regarding the securities holdings of the Fund. For these services and facilities, Domini receives fees accrued daily and paid monthly from the Fund at the annual rate below of the respective Fund's average daily net assets before any fee waivers:

Domini Impact Equity Fund	0.45% of the first \$2 billion of net assets managed, 0.44% of the next \$1 billion of net assets managed, and 0.43% of net assets managed in excess of \$3 billion
---------------------------	---

Effective November 30, 2024, Domini has contractually agreed to reduce its fees and/or reimburse certain ordinary operating expenses of the Funds (excluding brokerage fees and commissions, interest, taxes and other extraordinary expenses) until November 30, 2025, absent an earlier modification as mutually agreed

Domini Impact Equity Fund .....	\$ -	\$ 27,825
Domini Sustainable Solutions Fund .....	-	139,459
Domini Impact International Equity Fund .....	-	-

As of July 31, 2025, Domini owned less than 3% of any class of the outstanding shares of each Fund.

**(B) Submanager.** SSGA Funds Management, Inc. (“SSGA”) provides investment submanagement services to the Domini Impact Equity Fund, and Domini Sustainable Solutions Fund on a day-to-day basis pursuant to a Submanagement Agreement with Domini. Wellington Management Company LLP (Wellington), a Delaware limited liability partnership, provides investment submanagement services to the Domini Impact International Equity Fund on a day-to-day basis pursuant to a Submanagement Agreement with Domini. The fees for submanagement services are paid by the adviser and are not an incremental Fund expense.

**(C) Distributor.** The Board of Trustees of the Funds has adopted a Distribution Plan with respect to the Funds’ Investor shares in accordance with Rule 12b-1 under the Act. DSIL Investment Services LLC (DSIL), a wholly owned subsidiary of Domini, acts as agent of the Funds in connection with the offering of Investor shares of the Funds pursuant to a Distribution Agreement. Under the Distribution Plan, the Funds pay expenses incurred in connection with the sale of Investor shares and pay DSIL a distribution fee at an aggregate annual rate not to exceed 0.25% of the average daily net assets representing the Investor shares. For the year ended July 31, 2025, fees waived were as follows:

	FEES WAIVED
Domini Sustainable Solutions Fund Investor Shares .....	\$ 54,808

**(D) Shareholder Service Agent.** Through May 31, 2025, the Trust retained Domini to provide certain shareholder services with respect to the Funds and their shareholders, which services were previously provided by the former transfer agent for the Funds or another fulfillment and mail service provider and are supplemental to services currently provided by Ultimus Fund Solutions, LLC (“Ultimus”), as transfer agent to the Funds, pursuant to a master services agreement between the Funds and Ultimus. For these services, Domini received fees from each Fund paid monthly at an annual rate of \$4.00 per active account. For the year ended July 31, 2025, there were no fees waived.

**(E) Trustees and Officers.** Each of the Independent Trustees receives an annual retainer for serving as a Trustee of the Trust of \$39,000. The Lead Independent Trustee, Chair of the Audit Committee, and Chair of the Nominating Committee receive an additional chairperson fee of \$5,000 annually. From August 1, 2024 through July 31, 2025, each Independent Trustee also received \$1,000 for attendance at each regular quarterly meeting of the Board of the Trust. Effective August 1, 2025, each Independent Trustee will receive \$1,500 for attendance at each regular quarterly meeting of the Board of the Trust. In addition, each Trustee receives reimbursement for reasonable expenses incurred in attending meetings. These expenses are allocated on a pro-rata basis to each shares class of a Fund according to their respective net assets.

## 6. FEDERAL TAX STATUS

The tax basis of the components of distributable earnings for the Funds at July 31, 2025, are as follows:

	Domini Impact Equity Fund	Domini Sustainable Solutions Fund	Domini Impact International Equity Fund
Undistributed ordinary income.....	\$ 1,557,498	\$ -	\$ 15,524,376
Undistributed capital gains.....	57,034,682	-	-
Unrealized appreciation/(depreciation).....	588,865,811	7,697,554	173,865,552
Capital losses, other losses and other temporary differences .....	-	(2,085,242)	(60,035,447)
Late year ordinary and post Oct capital loss deferrals .....	-	(687)	-
Distributable net earnings/(deficit).....	\$ 647,457,991	\$ 5,611,625	\$ 129,354,481

For the year ended July 31, 2025, the Funds made the following reclassification to the components of net assets to align financial reporting with tax reporting:

	Domini Impact Equity Fund	Domini Sustainable Solutions Fund	Domini Impact International Equity Fund
Paid-in Capital.....	\$ 893,909	\$ (23,545)	\$ -
Distributable Earnings.....	(893,909)	23,545	-

Carryforwards of losses from previous taxable years do not expire and retain their character as either short-term or long-term capital losses. As of July 31, 2025, the Domini Sustainable Solutions Fund had a short-term capital loss carryover of \$2,085,242 and the Domini Impact International Equity Fund had a short-term capital loss carryover of \$60,035,447.

Permanent book and tax differences could result from distributions in excess of income; however such amounts, if any, would have no effect on net assets.

For tax purposes, the Funds may elect to defer any portion of a post October capital loss deferral or late year ordinary loss to the first day of the following fiscal year. At July 31, 2025, the Domini Sustainable Solutions Fund had late year ordinary losses of \$687.

Long-term capital gain.....	53,573,279	6,094,939	-	-	-	-
Total .....	\$ 57,295,247	\$10,259,892	\$ 23,349	\$ 21,164	\$ 18,001,402	\$ 19,676,202

The Funds are subject to the provisions of Accounting Standards Codification ASC 740 Income Taxes (ASC 740). ASC 740 sets forth a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. The Funds did not have a liability to record for any unrecognized tax benefits in the accompanying financial statements. No provision has been made for taxes on income, capital gains or unrealized appreciation on securities held or for excise tax on income and capital gains.

## 7. OTHER RISKS

The Funds' risks include, but are not limited to, some or all of the risks discussed below:

**Market Risk.** For each Domini Fund, the market values of securities or other assets will fluctuate, sometimes sharply and unpredictably, due to changes in general market conditions, overall economic trends or events, governmental actions or intervention, market disruptions caused by trade disputes or other factors, political developments, political instability, recessions, inflation, changes in interest or currency rates, the spread of infectious illness or other public health issues, weather or climate events, armed conflict, market disruptions caused by tariffs, trade disputes, sanctions or other government actions, or other factors or adverse investor sentiment that may or may not be related to the issuer of the security or other asset. If the market values of the securities or other assets held by a Fund fall, including a complete loss on any individual security, the value of your investment will go down. A change in financial condition or other event affecting a single issuer or market may adversely impact securities markets as a whole.

The long-term impact of the COVID-19 pandemic and its subsequent variants on economies, markets, industries and individual issuers, are not known. Some sectors of the economy and individual issuers have experienced or may experience particularly large losses. Periods of extreme volatility in the financial markets, reduced liquidity of many instruments, increased government debt, inflation, and disruptions to supply chains, consumer demand and employee availability, may continue for some time.

Raising the ceiling on U.S. government debt has become increasingly politicized. Any failure to increase the total amount that the U.S. government is authorized to borrow could lead to a default on U.S. government obligations, with unpredictable consequences for economies and markets in the U.S. and elsewhere. These circumstances could adversely affect the value and liquidity of the Fund's investments, impair the Fund's ability to satisfy redemption requests, and negatively impact the Fund's performance. In addition, inflation, rising interest rates, global supply chain disruptions and other market events could adversely affect the companies or issuers in which the Fund invests. Following Russia's invasion of Ukraine, Russian securities have lost all, or nearly all, their market value. Other securities or markets could be similarly affected by past or future geopolitical or other events or conditions.

**DOMINI IMPACT EQUITY FUND**  
**DOMINI SUSTAINABLE SOLUTIONS FUND**  
**DOMINI IMPACT INTERNATIONAL EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

Governments and central banks, including the U.S. Federal Reserve, have taken extraordinary and unprecedented actions to support local and global economies and the financial markets. These actions have resulted in significant expansion of public debt, including in the U.S. The consequences of high public debt, including its future impact on the economy and securities markets, may not be known for some time. U.S. Federal Reserve or other U.S. or non-U.S. governmental or central bank actions, including increases or decreases in interest rates, or contrary actions by different governments, could negatively affect financial markets generally, increase market volatility and reduce the value and liquidity of securities in which a Fund invests. Policy and legislative changes in the U.S. and in other countries are affecting many aspects of financial regulation, and these and other events affecting global markets, such as the U.K.'s exit from the European Union (or Brexit), potential trade imbalances with China or other countries, or sanctions or other government actions against Russia, other nations or individuals or companies (or their countermeasures), may contribute to decreased liquidity and increased volatility in the financial markets. The impact of these changes on the markets, and the implications for market participants, may not be fully known for some time.

The U.S. and other countries are periodically involved in disputes over trade and other matters, which may result in tariffs, investment restrictions and adverse impacts on affected companies and securities. For example, the U.S. has imposed tariffs and other trade barriers on Chinese exports, has restricted sales of certain categories of goods to China, and has established barriers to investments in China. Trade disputes may adversely affect the economies of the U.S. and its trading partners, as well as companies directly or indirectly affected and financial markets generally. The U.S. government has prohibited U.S. persons, such as the Fund, from investing in Chinese companies designated as related to the Chinese military. These and possible future restrictions could limit the Fund's opportunities for investment and require the sale of securities at a loss or make them illiquid. Moreover, the Chinese government is involved in a longstanding dispute with Taiwan that has included threats of invasion. If the political climate between the U.S. and China does not improve or continues to deteriorate, if China were to attempt unification of Taiwan by force, or if other geopolitical conflicts develop or get worse, economies, markets and individual securities may be severely affected both regionally and globally, and the value of the Fund's assets may go down.

Economies and financial markets throughout the world are increasingly interconnected. Economic, financial or political events, trading or tariff arrangements, armed conflict such as between Russia and Ukraine or in the Middle East, terrorism, natural disasters, infectious illness or public health issues, cybersecurity events, supply chain disruptions, sanctions against Russia, other nations or individuals or companies and possible countermeasures, and other circumstances in one country or region could have profound impacts on other countries or regions and on global economies or markets. As a result, whether or not a Fund invests in securities of issuers located in or with significant exposure to the countries or regions directly affected, the value and liquidity of a Fund's investments may be negatively affected.

### Report of Independent Registered Public Accounting Firm

To the Shareholders of the Funds and Board of Trustees  
Domini Investment Trust:

#### *Opinion on the Financial Statements*

We have audited the accompanying statements of assets and liabilities of Domini Impact Equity Fund, Domini Sustainable Solutions Fund, and Domini Impact International Equity Fund (the Funds), three of the funds comprising Domini Investment Trust, including the portfolios of investments, as of July 31, 2025, the related statements of operations for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the related notes (collectively, the financial statements) and the financial highlights for each of the years in the five-year period then ended. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Funds as of July 31, 2025, the results of their operations for the year then ended, the changes in their net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

#### *Basis for Opinion*

These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Such procedures also included confirmation of securities owned as of July 31, 2025, by correspondence with custodians and brokers; when replies were not received from brokers, we performed other auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. We believe that our audits provide a reasonable basis for our opinion.

*KPMG LLP*

We have served as the auditor of one or more Domini investment companies since 1993.

**DOMINI IMPACT BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
July 31, 2025

## **1. ORGANIZATION**

The Domini Impact Bond Fund (the “Fund”) is a series of the Domini Investment Trust. The Trust is a Massachusetts business trust registered under the Investment Company Act of 1940 as an open-end management investment company. The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (the “FASB”) Accounting Standard Codification Topic 946 “Financial Services — Investment Companies”.

The Fund offers three classes of shares: Investor Shares, Institutional Shares and Class Y shares. Each class of shares is sold at its offering price, which is net asset value.

Each class of shares has identical rights and voting privileges with respect to the Fund in general and exclusive voting rights on matters that affect that class alone. Earnings, net assets, and net asset value per share may differ due to each class having its own expenses, such as transfer and shareholder servicing agent fees and registration fees, directly attributable to that class. The Fund seeks to provide its shareholders with a high level of current income and total return.

## **2. SIGNIFICANT ACCOUNTING POLICIES**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of the Fund’s significant accounting policies.

**(A) Valuation of Investments.** The net asset value (or NAV) of each class of shares of the Fund is determined as of the scheduled close of regular trading on the NYSE, normally 4 p.m., Eastern Time, on each day the NYSE is open for trading.

Bonds and other fixed-income securities (other than obligations with maturities of 60 days or less) are valued on the basis of valuations furnished by an independent pricing service. In making such valuations, the pricing service utilizes both dealer-supplied valuations and electronic data processing techniques that take into account observable inputs such as institutional-size trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, trading characteristics, and other market data, without exclusive reliance upon quoted prices or exchange or over-the-counter prices, since such valuations are believed to reflect more accurately the fair value of such securities.

Securities of sufficient credit quality (maturing in 60 days or less) are valued at amortized cost, which constitutes fair value as determined by the Domini Impact Investments LLC (Domini), the Fund’s valuation designee.

To Be Announced (TBA) or when-issued securities are valued at their issue price for up to five (5) trading days, or until broker quotes are readily available or an Authorized Pricing Service begins to provide quotations, whichever is shorter.

Derivative contracts traded on an exchange are valued at their most recent sale or official closing price on the exchange on which they are primarily traded, or, if no sales are reported on such exchange, at the mean between the last available bid and asked quotations on the exchange on which they are primarily traded.

Option contracts on securities, currencies and other financial instruments traded over-the-counter are valued at the most recent bid quotation in the case of purchased options and at the most recent asked quotation in the case of written options.

**DOMINI IMPACT BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

Futures contracts are valued at the most recent settlement price.

Foreign currency forward contracts are valued at the value of the underlying currencies at the prevailing currency exchange rates.

Swap contracts are valued at the evaluated price provided by an independent pricing service or, if a reliable price is not available, the quoted bid price from an independent broker-dealer.

Securities (other than short-term obligations with remaining maturities of 60 days or less) for which there are no such quotations or valuations are valued at fair value as determined in good faith by Domini.

The valuation designee follows a fair value hierarchy that distinguishes between (a) market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (b) the valuation designee's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). These inputs are used in determining the value of the Fund's investments and are summarized in the following fair value hierarchy:

Level 1 — quoted prices in active markets for identical securities

Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, and evaluated quotation obtained from pricing services)

Level 3 — significant unobservable inputs (including the valuation designee's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used, as of July 31, 2025, in valuing the Fund's assets carried at fair value:

**DOMINI IMPACT BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

**(B) Foreign Currency Translation.** Securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts on the date of valuation. Purchases and sales of securities, and income and expense items denominated in foreign currencies, are translated into U.S. dollar amounts on the respective dates of such transactions. Occasionally, events impact the availability or reliability of foreign exchange rates used to convert the U.S. dollar equivalent value. If such an event occurs, the foreign exchange rate will be valued at fair value using procedures established and approved by the Board of Trustees. The Fund does not separately report the effect of fluctuations in foreign exchange rates from changes in market prices on securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments. Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in fair value of assets and liabilities other than investments in securities held at the end of the reporting period, resulting from changes in exchange rates.

**(C) Foreign Currency Contracts.** When the Fund purchases or sells foreign securities it enters into foreign exchange contracts to minimize foreign exchange risk from the trade date to the settlement date of the transactions. A foreign exchange contract is an agreement between two parties to exchange different currencies at an agreed-upon exchange rate on a specified date.

**(D) Securities Purchased on a When-Issued or Delayed Delivery Basis.** The Fund may invest in when-issued or delayed delivery securities where the price of the security is fixed at the time of the commitment but delivery and payment take place beyond customary settlement time. These securities are subject to market fluctuation, and no interest accrues on the security to the purchaser during this period. The payment obligation and the interest rate that will be received on the securities are each fixed at the time the purchaser enters into the commitment. Purchasing obligations on a when-issued or delayed delivery basis is a form of leveraging and can involve a risk that the yields available in the market when the delivery takes place may be higher than those obtained in the transaction, which could result in an unrealized loss at the time of delivery.

**(E) TBA Purchase and Forward Sale Commitments.** The Fund may enter into TBA commitments to purchase or sell securities for a fixed price at a future date. TBA commitments are considered securities in themselves and involve a risk of loss if the value of the security to be purchased or sold declines or increases prior to the settlement date, which is in addition to the risk of decline in the value of the Fund's other assets. Income on these securities will not be earned until settlement date.

**(F) Derivative Financial Instruments.** The Fund may invest in derivatives in order to hedge market risks, or to seek to increase the Fund's income or gain. Derivatives in certain circumstances may require that the Fund segregate cash or other liquid assets to the extent the Fund's obligations are not otherwise covered through ownership of the underlying security, financial instrument, or currency. Derivatives involve special risks, including possible default by the other party to the transaction, illiquidity, and the risk that the use of derivatives could result in greater losses than if it had not been used. Some derivative transactions, including options, swaps, forward contracts, and options on foreign currencies, are entered into directly by the counterparties or through financial institutions acting as market makers (OTC derivatives), rather than being traded on exchanges or in markets registered with the Commodity Futures Trading Commission or the SEC.

**(G) Option Contracts.** The Fund may purchase or write option contracts primarily to manage and/or gain exposure to interest rate, foreign exchange rate and credit risk. An option is a contract entitling the holder

**DOMINI IMPACT BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

to purchase or sell a specific number of shares or units of an asset or notional amount of a swap (swaption), at a specified price. Options purchased are recorded as an asset while options written are recorded as a liability. Upon exercise of an option, the acquisition cost or sales proceeds of the underlying investment is adjusted by any premium received or paid. Upon expiration of an option, any premium received or paid is recorded as a realized gain or loss. Upon closing an option other than through expiration or exercise, the difference between the premium and the cost to close the position is recorded as a realized gain or loss. The Fund had no purchased option contracts outstanding as of July 31, 2025.

**(H) Futures Contracts.** The Fund may purchase and sell futures contracts based on various securities, securities indexes, and other financial instruments and indexes. The Fund intends to use futures contracts for hedging purposes. Futures contracts provide for the future sale by one party and purchase by another party of a specified amount of a specified security or financial instrument at a specified future time and at a specified price. When the Fund purchases or sells a futures contract, the Fund must allocate certain of its assets as an initial deposit on the contract. The futures contract is marked to market daily thereafter, and the Fund may be required to pay or entitled to receive additional “variation margin,” based on decrease or increase in the value of the futures contract. Future contracts outstanding at July 31, 2025 are listed in the Fund’s Portfolio of Investments. Amounts pledged, which are considered restricted, are included in cash held at other banks for future contracts in the Statement of Assets and Liabilities.

**(I) Forward Currency Contracts.** The Fund may enter into forward currency contracts with counterparties to hedge the value of portfolio securities denominated in particular currencies against fluctuations in relative value or to generate income or gain. These contracts are used to hedge foreign exchange risk and to gain exposure on currency. The U.S. dollar value of forward currency contracts is determined using current forward exchange rates supplied by a quotation service. The fair value of the contract will fluctuate with changes in currency exchange rates. The contract is marked to market daily and the change in fair value is recorded as an unrealized gain or loss. The Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed when the contract matures or by delivery of the currency. The Fund could be exposed to risk if the value of the currency changes unfavorably, if the counterparties to the contracts are unable to meet the terms of their contracts or if the Fund is unable to enter into a closing position. Risk may exceed amounts recognized on the Statement of Assets and Liabilities. Forward currency contracts outstanding at July 31, 2025 are listed in the Fund’s Portfolio of Investments.

**(J) Interest Rate Swap Contracts.** The Fund may enter into interest rate swap contracts to hedge interest rate risk. An interest rate swap is an agreement between the Fund and a counterparty to exchange cash flows based on the difference between two interest rates, applied to a notional amount. Interest rate swap contracts are marked to market daily based upon quotations from an independent pricing service or market maker. Any change on an OTC interest rate swap is recorded as an unrealized gain or loss on the Statement of Assets and Liabilities. Daily fluctuations in the value of centrally cleared interest rate swaps are settled through a central clearing agent and are recorded in variation margin on the Statement of Assets and Liabilities and recorded as unrealized gain or loss. OTC and centrally cleared interest rate swap contracts outstanding at July 31, 2025, are listed in the Fund’s Portfolio of Investments.

**(K) Credit Default Swap Contracts.** The Fund may enter into credit default swap contracts primarily to manage and/or gain exposure to credit risk. A credit default swap is an agreement between the fund and a counterparty whereby the buyer of the contract receives credit protection and the seller of the contract guarantees the credit worthiness of a referenced debt obligation. These agreements may be privately negotiated in the over-the-counter market (OTC credit default swaps) or may be executed in a multilateral trade facility platform, such as a registered exchange (centrally cleared credit default swaps). The underlying referenced debt obligation may be a single issuer of corporate or sovereign debt, a credit index,

**DOMINI IMPACT BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

or a tranche of credit index. In the event of a default of the underlying referenced debt obligation, the buyer is entitled to receive the notional amount of the credit default swap contract from the seller in exchange for the referenced debt obligation, a net settlement amount equal to the notional amount of the credit default swap less the recovery value of the referenced debt obligation, or other agreed upon amount. For centrally cleared credit default swaps, required initial margins are pledged by the fund, and the daily change in fair value is accounted for as a variation margin payable or receivable on the Statement of Assets and Liabilities. Over the term of the contract, the buyer pays the seller a periodic stream of payments, provided that no event of default has occurred. Such periodic payments are accrued daily as an unrealized appreciation or depreciation until the payments are made, at which time they are realized. These upfront payments are amortized over the term of the contract as a realized gain or loss on the Statement of Operations. The fund had no outstanding OTC or centrally cleared credit default swap contracts as of July 31, 2025.

**(L) Upfront Premiums on Swap Contracts.** An upfront payment, if any, made by the Fund is recorded as an asset in the Statement of Assets and Liabilities. An upfront payment, if any, received by the Fund is recorded as a liability in the Statement of Assets and Liabilities. Payments received or made at the end of the measurement period are recorded as realized gain or loss in the Statement of Operations.

**(M) Master Agreements.** The Fund is a party to ISDA (International Swaps and Derivatives Association, Inc.) Master Agreements that govern OTC derivative and foreign exchange contracts (Master Agreements) with certain counterparties entered into from time to time. The Master Agreements may contain provisions regarding, among other things, the parties' general obligations, representations, agreements, collateral requirements, events of default and early termination. With respect to certain counterparties, in accordance with the terms of the Master Agreements, collateral posted to the Fund is held in a segregated account by the Fund's custodian and with respect to those amounts which can be sold or repledged, are presented in the Fund's portfolio. Collateral pledged by the Fund is segregated by the Fund's custodian and identified in the Fund's portfolio. Collateral can be in the form of cash or other marketable securities as agreed to by the Fund and the applicable counterparty. Collateral requirements are determined based on the Fund's net position with each counterparty.

With respect to ISDA Master Agreements, termination events applicable to the counterparty include certain deteriorations in the credit quality of the counterparty. Termination events applicable to the Fund include failure of the Fund to maintain certain net asset levels and/or limit the decline in net assets over various periods of time. In the event of default or early termination, the ISDA Master Agreement gives the non-defaulting party the right to net and close-out all transactions traded, whether or not arising under the ISDA agreement, to one net amount payable by one counterparty to the other. However, absent an event of default or early termination, OTC derivative assets and liabilities are presented gross and not offset in the Statement of Assets and Liabilities. Early termination by the counterparty may result in an immediate payment by the Fund of any net liability owed to that counterparty under the ISDA agreement.

In a centrally cleared swap, while the Fund enters into an agreement with a clearing broker to execute contracts with a counterparty, the performance of the swap is guaranteed by the central clearinghouse, which reduces the Fund's exposure to counterparty risk. The Fund is still exposed to the counterparty risk through the clearing broker and clearinghouse. The clearinghouse attempts to minimize this risk to its participants through the use of mandatory margin requirements, daily cash settlements and other procedures. Likewise, the clearing broker reduces its risk through margin requirements and required segregation of customer balances.

**(N) Investment Transactions, Investment Income, and Dividends to Shareholders.** Investment transactions are accounted for on trade date. Realized gains and losses from security transactions are determined on the

**DOMINI IMPACT BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

basis of identified cost. Interest income is recorded on an accrual basis. The Fund earns income daily, net of Fund expenses. Paydown gains and losses are recorded as an adjustment to interest income. Dividends to shareholders are usually declared daily and paid monthly from net investment income. Distributions to shareholders of realized capital gains, if any, are made annually. Distributions are determined in conformity with income tax regulations, which may differ from generally accepted accounting principles.

Reclassifications have been made to the Fund's components of net assets to reflect income and gains available for distribution (or available capital loss carryovers, as applicable) under income tax regulations.

**(O) Federal Taxes.** The Fund's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income, including net realized gains, if any, within the prescribed time periods. Accordingly, no provision for federal income or excise tax is deemed necessary. As of July 31, 2025, tax years 2021 through 2024 remain subject to examination by the Fund's major tax jurisdictions, which include the United States of America, the Commonwealth of Massachusetts, and New York State.

**(P) Redemption Fees.** Redemptions and exchanges of Fund shares held less than 30 days may be subject to the Fund's redemption fee, which is 2% of the amount redeemed. The fee is imposed to offset transaction costs and other expenses associated with short-term investing. The fee may be waived in certain circumstances at the discretion of the Fund. Such fees are retained by the Fund and are recorded as an adjustment to paid-in capital.

The redemption fee was waived by the Fund's Board of Trustees and was no longer imposed by the Fund effective August 16, 2021.

**(Q) Other.** Income, expenses (other than those attributable to a specific class), gains, and losses are allocated on a daily basis to each class of shares based upon the relative proportion of net assets represented by such class. Operating expenses directly attributable to a specific class are charged against the operations of that class.

**(R) Indemnification.** The Fund's organizational documents provide current and former trustees and officers with a limited indemnification against liabilities arising in connection with the performance of their duties to the Fund. In the normal course of business, the Fund may also enter into contracts that provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the Fund. The risk of material loss from such claims is considered remote.

**(S) Segment Reporting.** During this reporting period, the Fund adopted FASB Accounting Standards Update 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures (ASU 2023-07), which requires incremental disclosures related to a public entity's reportable segments. The Fund operates as a single reportable segment, an investment company whose objective is included in Note 1. In connection with the adoption of ASU 2023-07, the Fund's President acts as the Fund's Chief Operating Decision Maker (CODM), who is responsible for assessing the performance of the Fund's single segment and deciding how to allocate the segment's resources. To perform this function, the CODM reviews the information in the Fund's financial statements.

### **3. TRANSACTIONS WITH AFFILIATES**

**(A) Manager/Administrator.** The Fund has retained Domini to serve as investment manager and administrator. The services provided by Domini consist of investment supervisory services, overall operational support, and administrative services, including the provision of general office facilities and supervising the overall administration of the Fund. For its services under the Management Agreement, Domini receives from the Fund a fee accrued daily and paid monthly at the annual rate of the Fund's

average daily net assets before any fee waivers of 0.33% of the first \$50 million of net assets managed, 0.32% of the net \$50 million of net assets managed, and 0.315% of net assets managed in excess of \$100 million.

For its services under the Administration Agreement, Domini receives from the Fund a fee accrued daily and paid monthly at an annual rate equal to 0.25% of the Fund's average daily net assets.

Effective November 30, 2024, Domini has contractually agreed to reduce its fees and/or reimburse certain ordinary operating expenses (excluding brokerage fees and commissions, interest, taxes, and other extraordinary expenses) in order to limit Investor, Institutional, and Class Y share expenses to 0.87%, 0.57%, and 0.65%, respectively, until November 30, 2025, absent an earlier modification by the Board of Trustees which oversee the Fund. For the year ended July 31, 2025, Domini reimbursed expenses totaling \$354,703.

As of July 31, 2025, Domini owned less than 1% of any class of the outstanding Shares of the Fund.

**(B) Submanager.** Wellington Management Company LLP (Wellington), a Delaware limited liability partnership, provides investment management services to the Fund on a day-to-day basis pursuant to a Submanagement Agreement with Domini. The fee for submanagement services is paid by the adviser and is not an incremental Fund expense.

**(C) Distributor.** The Board of Trustees of the Fund has adopted a Distribution Plan in accordance with Rule 12b-1 under the Act. DSIL Investment Services LLC (DSIL), a wholly owned subsidiary of Domini, acts as agent of the Funds in connection with the offering of Investor shares of the Funds pursuant to a Distribution Agreement. Under the Distribution Plan, the Fund pays expenses incurred in connection with the sale of Investor shares and pays DSIL a distribution fee at an aggregate annual rate not to exceed 0.25% of the average daily net assets representing the Investor shares. For the year ended July 31, 2025, fees waived by DSIL for the Investor shares totaled \$169,895.

**(D) Shareholder Service Agent.** Through May 31, 2025, the Trust retained Domini to provide certain shareholder services to the Fund and its shareholders, which services were previously provided by the former transfer agent for the Fund or another fulfillment and mail service provider and are supplemental to services currently provided by Ultimus Fund Solutions, LLC ("Ultimus"), as transfer agent to the Fund, pursuant to a master services agreement between the Fund and Ultimus. For these services, Domini received a fee from the Fund paid monthly at an annual rate of \$4.00 per active account. For the year ended July 31, 2025, Domini waived fees as follows:

	<u>FEES WAIVED</u>
Domini Impact Bond Fund Investor Shares.....	\$ -
Domini Impact Bond Fund Institutional Shares.....	112
Domini Impact Bond Fund Class Y Shares .....	-

**(E) Trustees and Officers.** Each of the Independent Trustees receives an annual retainer for serving as a Trustee of the Trust of \$39,000. The Lead Independent Trustee, Chair of the Audit Committee, and Chair of the Nominating Committee receive an additional chairperson fee of \$5,000 annually. From August 1, 2024 through July 31, 2025, each Independent Trustee also received \$1,000 for attendance at each regular quarterly meeting of the Board of the Trust. Effective August 1, 2025, each Independent Trustee will receive \$1,500 for attendance at each regular quarterly meeting of the Board of the Trust. In addition, each Trustee receives reimbursement for reasonable expenses incurred in attending meetings. These expenses are allocated on a pro-rata basis to each shares class of a Fund according to their respective net assets.

As of July 31, 2025, all Trustees and officers of the Trust as a group owned less than 1% of the Fund's outstanding shares.

**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

The Fund is subject to the provisions of Accounting Standards Codification ASC 740 Income Taxes (ASC 740). ASC 740 sets forth a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. The Fund did not have a liability to record for any unrecognized tax benefits in the accompanying financial statements. No provision has been made for taxes on income, capital gains or unrealized appreciation on securities held or for excise tax on income and capital gains.

## **8. OTHER RISKS**

The Funds' risks include, but are not limited to, some or all of the risks discussed below:

*Market Risk.* For each Domini Fund, the market values of securities or other assets will fluctuate, sometimes sharply and unpredictably, due to changes in general market conditions, overall economic trends or events, governmental actions or intervention, market disruptions caused by trade disputes or other factors, political developments, political instability, recessions, inflation, changes in interest or currency rates, the spread of infectious illness or other public health issues, weather or climate events, armed conflict, market disruptions caused by tariffs, trade disputes, sanctions or other government actions, or other factors or adverse investor sentiment that may or may not be related to the issuer of the security or other asset. If the market values of the securities or other assets held by a Fund fall, including a complete loss on any individual security, the value of your investment will go down. A change in financial condition or other event affecting a single issuer or market may adversely impact securities markets as a whole.

The long-term impact of the COVID-19 pandemic and its subsequent variants on economies, markets, industries and individual issuers, are not known. Some sectors of the economy and individual issuers have experienced or may experience particularly large losses. Periods of extreme volatility in the financial markets, reduced liquidity of many instruments, increased government debt, inflation, and disruptions to supply chains, consumer demand and employee availability, may continue for some time.

Raising the ceiling on U.S. government debt has become increasingly politicized. Any failure to increase the total amount that the U.S. government is authorized to borrow could lead to a default on U.S. government obligations, with unpredictable consequences for economies and markets in the U.S. and elsewhere. These circumstances could adversely affect the value and liquidity of the Fund's investments, impair the Fund's ability to satisfy redemption requests, and negatively impact the Fund's performance. In addition, inflation, rising interest rates, global supply chain disruptions and other market events could adversely affect the companies or issuers in which the Fund invests. Following Russia's invasion of Ukraine, Russian securities have lost all, or nearly all, their market value. Other securities or markets could be similarly affected by past or future geopolitical or other events or conditions.

Governments and central banks, including the U.S. Federal Reserve, have taken extraordinary and unprecedented actions to support local and global economies and the financial markets. These actions have resulted in significant expansion of public debt, including in the U.S. The consequences of high public debt, including its future impact on the economy and securities markets, may not be known for some time. U.S. Federal Reserve or other U.S. or non-U.S. governmental or central bank actions, including increases or decreases in interest rates, or contrary actions by different governments, could negatively affect financial markets generally, increase market volatility and reduce the value and liquidity of securities in which a Fund invests. Policy and legislative changes in the U.S. and in other countries are affecting many aspects of financial regulation, and these and other events affecting global markets, such as the U.K.'s exit from the European Union (or Brexit), potential trade imbalances with China or other countries, or sanctions or other government actions against Russia, other nations or individuals or companies (or their countermeasures), may contribute to decreased liquidity and increased volatility in the financial markets. The impact of these changes on the markets, and the implications for market participants, may not be fully known for some time.

**DOMINI IMPACT BOND FUND**  
**NOTES TO FINANCIAL STATEMENTS (continued)**  
**July 31, 2025**

The U.S. and other countries are periodically involved in disputes over trade and other matters, which may result in tariffs, investment restrictions and adverse impacts on affected companies and securities. For example, the U.S. has imposed tariffs and other trade barriers on Chinese exports, has restricted sales of certain categories of goods to China, and has established barriers to investments in China. Trade disputes may adversely affect the economies of the U.S. and its trading partners, as well as companies directly or indirectly affected and financial markets generally. The U.S. government has prohibited U.S. persons, such as the Fund, from investing in Chinese companies designated as related to the Chinese military. These and possible future restrictions could limit the Fund's opportunities for investment and require the sale of securities at a loss or make them illiquid. Moreover, the Chinese government is involved in a longstanding dispute with Taiwan that has included threats of invasion. If the political climate between the U.S. and China does not improve or continues to deteriorate, if China were to attempt unification of Taiwan by force, or if other geopolitical conflicts develop or get worse, economies, markets and individual securities may be severely affected both regionally and globally, and the value of the Fund's assets may go down.

Economies and financial markets throughout the world are increasingly interconnected. Economic, financial or political events, trading or tariff arrangements, armed conflict such as between Russia and Ukraine or in the Middle East, terrorism, natural disasters, infectious illness or public health issues, cybersecurity events, supply chain disruptions, sanctions against Russia, other nations or individuals or companies and possible countermeasures, and other circumstances in one country or region could have profound impacts on other countries or regions and on global economies or markets. As a result, whether or not a Fund invests in securities of issuers located in or with significant exposure to the countries or regions directly affected, the value and liquidity of a Fund's investments may be negatively affected.

### Report of Independent Registered Public Accounting Firm

To the Shareholders of the Fund and Board of Trustees  
Domini Investment Trust:

#### *Opinion on the Financial Statements*

We have audited the accompanying statement of assets and liabilities of Domini Impact Bond Fund (the Fund), one of the funds comprising Domini Investment Trust, including the portfolio of investments, as of July 31, 2025, the related statement of operations for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the related notes (collectively, the financial statements) and the financial highlights for each of the years or periods in the five-year period then ended. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of July 31, 2025, the results of its operations for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years or periods in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

#### *Basis for Opinion*

These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Such procedures also included confirmation of securities owned as of July 31, 2025, by correspondence with custodians and brokers; when replies were not received from brokers, we performed other auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. We believe that our audits provide a reasonable basis for our opinion.

## **STATEMENT REGARDING BASIS FOR APPROVAL OF MANAGEMENT AND SUBMANAGEMENT AGREEMENTS**

Section 15(c) of the Investment Company Act of 1940, as amended (the “1940 Act”) requires that each mutual fund’s board of trustees, including a majority of those trustees who are not “interested persons” of the mutual fund, as defined in the 1940 Act (the “Independent Trustees”), annually review and consider the fund’s investment management and submanagement agreements. At its meeting held on April 29, 2025, the Board of Trustees (“Board” or “Trustees”) of the Domini Investment Trust (the Trust”), including all of the Independent Trustees, voted to approve the continuance of: (i) the Amended and Restated Management Agreement with Domini Impact Investments LLC (“Domini” or the “Adviser”) for the Domini Impact Equity Fund (the “Equity Fund”), Domini Sustainable Solutions Fund (the “Sustainable Solutions Fund”), and Domini Impact International Equity Fund (the “International Equity Fund”), (ii) the Amended and Restated Management Agreement with Domini with respect to the Domini Impact Bond Fund (the “Bond Fund”) (each a “Management Agreement” and collectively, the “Management Agreements”), (iii) the Submanagement Agreements between Domini and SSGA Funds Management, Inc. (“SSGA” or “Subadviser”) with respect to the Equity Fund and the Sustainable Solutions Fund, respectively, (iv) the Amended and Restated Submanagement Agreement between Domini and Wellington Management Company LLP (“Wellington Management” or “Subadviser”) with respect to the International Equity Fund, and (v) the Amended and Restated Submanagement Agreement between Domini and Wellington Management with respect to the Bond Fund (each a “Submanagement Agreement” and collectively, the “Submanagement Agreements” and with the Management Agreements, the “Agreements”). The Equity Fund, the Sustainable Solutions Fund, the International Equity Fund, and the Bond Fund are each referred to as a “Fund” and collectively, the “Funds.”

Prior to the April 29, 2025, meeting, the Board requested, received, and reviewed written responses from Domini, SSGA, and Wellington Management to questions posed to them on behalf of the Independent Trustees and supporting materials relating to those questions and responses. The Board reviewed and evaluated information, both written and verbal information furnished to the Board at its meetings throughout the year, as well as information specifically prepared in connection with the approval of the continuation of the Agreements at the meeting of the Independent Trustees on April 15, 2025. Information provided to the Board at its meetings throughout the year included, among other things, reports on each Fund’s performance, legal and compliance matters, sales and marketing activity, shareholder services, and the other service provided to the Funds by SSGA, Wellington Management, and Domini and their affiliates.

The Board considered the Management Agreements and the Submanagement Agreements separately in the course of its review. In doing so, the Board noted the respective roles of the Adviser and Subadviser in providing services to the Funds

Throughout the process, the Board had the opportunity to ask questions of and request additional information from Domini, SSGA, and Wellington Management. The Board was assisted by legal counsel for the Trust and the Independent Trustees were also separately assisted by independent legal counsel throughout the process. The Independent Trustees also received memoranda from counsel to the Trust discussing the legal standards for their consideration of the Agreements. The Independent Trustees were

advised by and met in executive sessions with their independent legal counsel at which no representatives of management were present to discuss the proposed continuation of the Agreements, including prior to the April 29, 2025, meeting.

In connection with the Board's consideration of the renewal of the Agreements with respect to each of the Funds, the Board received written materials in advance of the meeting, which included information regarding: (i) the nature, extent, and quality of services provided to the Funds by Domini, SSGA, and by Wellington Management; (ii) a description of Domini's, SSGA's, and Wellington Management's investment management and other personnel and their background and experience; (iii) an overview of Domini's, SSGA's, and Wellington Management's operations and financial condition; (iv) a comparison of each Funds' advisory fee and overall expenses with those of comparable mutual funds selected by ISS Corporate Solutions, Inc. ("ISS Corporate Solutions"), an independent third party provider of mutual fund data; (v) performance information for comparable mutual funds and for comparatively managed accounts, if any; (vi) the level of profitability from Domini, SSGA, and Wellington Management's relationships with the Funds; (vii) a description of Domini's, SSGA's, and Wellington Management's brokerage practices (including any soft dollar arrangements); and (viii) Domini's, SSGA's, and Wellington Management's compliance policies and procedures, including policies and procedures for personal securities transactions and with respect to cybersecurity, business continuity and disaster recovery.

In reaching their determination to approve the continuance of the Agreements with respect to each Fund, the Trustees reviewed and evaluated information, both written and oral, and a variety of factors that they believed relevant and appropriate through the exercise of their reasonable business judgment. The Trustees' determination to continue each of the Agreements was based on a comprehensive consideration of all information provided to the Board throughout the year and specifically with respect to the continuation of the Agreements, as well as information considered in connection with continuation or initial approval of the Agreements in prior years. In addition to the April 29, 2025, meeting at which continuation of the Agreements was considered, the Independent Trustees met separately on April 15, 2025, and reviewed and discussed such Agreements and information provided to them in connection with the same. The Independent Trustees also met with management, as well as separately with their independent counsel on April 28, 2025, to further review and discuss information in connection with the same.

#### **APPROVAL OF THE MANAGEMENT AGREEMENTS**

The primary factors and the conclusions regarding the Management Agreement with respect to each Fund are described below. The Trustees did not identify any particular information or factor that was all-important or controlling, and each Trustee may have weighed certain factors differently. The Trustees noted that the evaluation process with respect to Domini and the Management Agreements is an ongoing one. In evaluating the Management Agreements, the Trustees also took into account their knowledge of Domini, its services, and the Funds, resulting from the Trustees' meetings and other information, and interactions in past years, including quarterly performance reports containing reviews of investment results and prior presentations from the Adviser and the submanagers with respect to the Funds. The Board also considered other factors (including conditions and trends prevailing generally in the economy, the securities markets, and the industry). The Board considered renewal of the Management Agreement with respect to each Fund separately.

Throughout the process, the Board asked questions of and requested additional information from management. The Independent Trustees are also separately assisted by independent legal counsel throughout the process. The Independent Trustees also received a memorandum discussing the legal standards for their consideration of the proposed continuation of the Management Agreements and discussed the proposed continuation of the Management Agreements in private sessions with their independent legal counsel at which no representatives of management were present.

***Nature, Quality, and Extent of Services Provided.*** The Trustees reviewed information and materials provided by Domini related to the Management Agreement with respect to each Fund, including each Management Agreement, Domini's Form ADV, a description of the firm and its organizational and

management structure, its operational history and its legal and regulatory history, the manner in which investment decisions are made and executed, the financial condition of Domini and its ability to provide the services required under the Management Agreements, an overview of the personnel that perform services for the Funds, and Domini's compliance policies and procedures. The Board also considered Domini's risk management processes and its policies and procedures with respect to cybersecurity, business continuity and disaster recovery.

The Trustees reviewed the terms of the Management Agreements and considered that, pursuant to each Management Agreement, Domini, subject to the direction of the Board, is responsible for providing advice and guidance with respect to each Fund and for managing the investment of the assets of each Fund, including by engaging and overseeing the activities of each Fund's submanager. It was noted that, with respect to the Equity Fund and the Sustainable Solutions Fund, Domini applies its environmental and social standards to select such Fund's investments and that SSGA Funds Management, Inc. ("SSGA"), the Fund's submanager, purchases and sells securities to implement Domini's selections and for managing the amount of the Fund's assets to be held in short-term investments. It was noted that, with respect to the International Equity Fund and the Bond Fund, Domini applies its environmental and social standards to a universe of securities provided by Wellington Management Company LLP ("Wellington Management"), such Funds' submanager, and that Wellington Management provides the day-to-day portfolio management of such Funds, including making purchases and sales of eligible portfolio securities consistent with each such Fund's investment objective and policies.

The Trustees considered the scope and the quality of the services provided by Domini to each Fund under the respective Management Agreement. They considered the professional experience, tenure, and qualifications of the investment management team and the other senior personnel at Domini who are responsible for the management of the day-to-day operations of the Funds, including but not limited to the oversight and monitoring of each Fund's submanager and other third-party service providers. They also considered Domini's capabilities and experience in the development and application of environmental and social investment standards and its reputation and leadership in the socially responsible investment community. The Trustees considered the information they had received from Domini concerning the professional experience of its research team. They noted that the senior members of Domini's research team had years of experience in the development and application of environmental and social investment standards. The terms of each Management Agreement were also reviewed by the Trustees. It was noted that no change to services was proposed. In addition, they considered Domini's compliance record. The Trustees also noted that, on a regular basis, they receive information from the Trust's Chief Compliance Officer (CCO) regarding Domini's compliance policies and procedures, including its Code of Ethics. The Trustees also took into account that the scope of services provided by Domini and the undertakings required of Domini in connection with those services, including maintaining and monitoring its own and the Funds' compliance programs, valuation of portfolio securities, risk management programs, liquidity risk management programs, derivatives risk management programs, and cybersecurity programs, had expanded over time as a result of regulatory, market, and other developments. They also considered the quality of Domini's compliance oversight program with respect to the Funds' service providers, including each Fund's submanager. They also considered both the investment advisory services and the nature, quality, and extent of the administrative and other non-advisory services, including shareholder servicing and distribution support services that are provided to the Funds and its shareholders by Domini and its affiliates. The Board also considered the significant risks assumed by Domini in connection with the services provided to the Funds, including entrepreneurial risk and ongoing risks including investment, operational, enterprise, litigation, regulatory, and compliance risks with respect to the Funds.

The Trustees noted that Domini administers each Fund's business and other affairs pursuant to the Management Agreements, and with respect to the Equity Fund, also pursuant to a Sponsorship Agreement, and with respect to the Bond Fund, also pursuant to an Administration Agreement. It was noted that, among other things, Domini provides each Fund with office space, administrative services and personnel as are necessary for operations, and that Domini pays all of the compensation of the officers and the Trustees who are not Independent Trustees. The Trustees considered the quality of the administrative services

Domini provided to each Fund, including Domini's role in coordinating and monitoring the activities of service providers. They noted that they were satisfied with the quality of the management and administrative services provided by Domini to each Fund, particularly Domini's oversight of each Fund's submanager and development and application of environmental and social investment standards.

Based on the foregoing, the Trustees concluded that they were satisfied with the nature, quality and extent of services provided by Domini to each Fund under the respective Management Agreement.

**Performance Information.** The Trustees considered the investment performance of each of the Funds. They considered whether the Funds had operated within their respective investment objectives, as well as their compliance with their investment restrictions. Among other performance data considered, the Trustees reviewed the investment performance of the Funds over various time periods based on data provided to them by Domini, including for the 1-, 3-, 5-, and 10-year periods ended December 31, 2024 (or, for the Sustainable Solutions Fund, which commenced operations in 2020, for the 1-year, 3-year, and since inception periods). The Trustees compared these investment returns to the returns of each Fund's respective benchmark index for the same periods. The Trustees also compared the investment performance of each Fund for the 1-, 3-, 5-, and 10-year periods ended January 31, 2025 (or, for the Sustainable Solutions Fund which commenced operations in 2020, for the 1-year and 3-year periods) to the performance of a peer group of socially responsible (SRI) funds and non-SRI Funds, as applicable, as identified by ISS Corporate Solutions, Inc. ("ISS Corporate Solutions"), an independent third-party data provider.

The Board noted that while it found the data provided by the third-party data provider generally useful, the Board recognized the data's limitations, including in particular that the data may vary depending on the end date selected and that the results of the performance comparisons may vary depending on the selection of the performance peer group. The Board also took into account management's discussion of the Morningstar categories in which the Funds were placed, including any differences between each Fund's investment strategy and the strategy of the funds in that Fund's respective category, as well as compared to the peer group selected by the independent third-party data provider.

Among other performance data considered, the Trustees took into account the following:

#### *Equity Fund*

The Trustees considered that, based on data provided by ISS Corporate Solutions, the Equity Fund's Investor shares had outperformed relative to the average performance of the applicable SRI peer group for the 1- and 5-year periods ended January 31, 2025, and underperformed relative to the average performance of the applicable SRI peer group for the 3- and 10-year periods ended January 31, 2025. The Trustees also noted that the Fund's Investor shares had underperformed relative to the Fund's benchmark for the 1-, 3-, 5- and 10-year periods ended December 31, 2024, and since the change to the Fund's investment strategy that took effect December 1, 2018.

The Trustees took into account Domini's discussion of the Fund's performance relative to its peers and benchmark, and the impact of current and past market conditions on the Fund's investment style and its performance. The Trustees concluded that they had continued confidence in Domini's overall capability to manage the Equity Fund.

#### *Sustainable Solutions Fund*

The Trustees noted that the Sustainable Solutions Fund commenced operations on April 1, 2020. The Trustees considered that, based on data provided by ISS Corporate Solutions, the Fund's Institutional shares had outperformed relative to the average performance of the applicable SRI peer group for the 1-year period ended January 31, 2025, and underperformed relative to the average performance of the applicable SRI peer group for the 3-year period ended January 31, 2025. The Trustees also noted that the Fund's Institutional shares had outperformed relative to the Fund's benchmark for the 1-year period and underperformed relative to the Fund's benchmark for the 1-year, 3-year and since inception periods ended December 31, 2024.

The Trustees took into account Domini's discussion of the Fund's performance relative to its peers and benchmark, and the impact of current and past market conditions on the Fund's investment style and its performance. The Board also noted the Fund's more recent relative performance. The Trustees concluded that they had continued confidence in Domini's overall capability to manage the Sustainable Solutions Fund.

#### *International Equity Fund*

The Trustees considered that, based on data provided by ISS Corporate Solutions, the International Equity Fund's Institutional shares had outperformed relative to the average performance of the applicable SRI peer group for the 1- and 3- year periods ended January 31, 2025 and underperformed relative to the average performance of the applicable SRI peer group for the 5- and 10-year periods ended January 31, 2025. The Trustees also noted that the Fund's Institutional shares had outperformed relative to the Fund's benchmark for the 1- and 3-year periods ended December 31, 2024, and underperformed relative to the Fund's benchmark for the 5- and 10-year periods ended December 31, 2024.

The Trustees considered Domini's and Wellington Management's discussion of the Fund's performance relative to its peers and benchmark over various periods, including the performance of its quantitative model, the impact of current market conditions on the Fund's investment style and took into account management's discussion of the Fund's performance over the longer term, including any actions taken to address the Fund's performance. The Trustees concluded that they had continued confidence in Domini's overall capability to manage the International Equity Fund.

#### *Bond Fund*

The Trustees considered that, based on data provided by ISS Corporate Solutions, the Bond Fund's Institutional shares had outperformed relative to the average performance of the applicable SRI peer group for the 5- and 10-year periods ended January 31, 2025, and underperformed relative to the average performance of the applicable SRI peer group for the 1- and 3-year periods ended January 31, 2025. The Trustees noted that the Bond Fund's Institutional shares had underperformed relative to the average performance of the non-SRI peer group for the 1-, 3-, and 10-year periods and outperformed relative to the average performance of the non-SRI peer group for the 5-year period ended January 31, 2025. The Trustees also noted that the Fund's Institutional shares had outperformed relative to the Fund's benchmark for the 1-, 5- and 10-year periods ended December 31, 2024, and underperformed relative to the Fund's benchmark for 3-year period ended December 31, 2024.

The Trustees considered Domini's and Wellington Management's discussion of the Fund's performance relative to its peers and benchmark, including the factors that contributed to the Fund's performance including current and past market conditions and the peer group in which it was placed, as well as the Fund's overall performance history over the longer term. The Trustees concluded that they had continued confidence in Domini's overall capability to manage the Bond Fund.

**Fees and Other Expenses.** The Trustees considered the management fees paid by each Fund to Domini, the submanagement fees paid by Domini to each Fund's submanager with respect to each Fund and the portion of the fees retained by Domini, in each case in light of the services rendered for those amounts and the risks undertaken by Domini. The Trustees also considered the sponsorship fee rate paid by the Equity Fund to Domini under the Sponsorship Agreement and the administrative fee paid by the Bond Fund to Domini under the Administration Agreement and the services provided under each such agreement.

The Trustees also considered the information provided to them by ISS Corporate Solutions, including data relating to the level of each Fund's management fee (aggregate of any sponsorship or administrative fee, as applicable) versus the aggregate management fee (which includes advisory and administrative fees) for the relevant ISS Corporate Solutions, peer groups of SRI and non-SRI funds (for the Bond Fund), as applicable, and compared each Fund's total expense ratio to the total expense ratio of those peers, after giving effect to applicable contractual fee waiver arrangement. The Trustees also considered that Domini (and not the Funds) pays each Fund's submanager from its advisory fee. The Board also considered the investment advisory fee charged by Domini to any of the Funds having similar investment mandates, if any.

Among other expense data considered, the Trustees took into account the following:

*Equity Fund*

Based on the information provided by ISS Corporate Solutions, the Trustees noted that the aggregate management fees for the Equity Fund were the same as the median and lower than the average aggregate management fees of the Fund's SRI peer group. They also considered that the total expense ratio of the Equity Fund's Investor shares was lower than the median and average total expense ratios of the SRI peer group, after giving effect to the applicable contractual expense waiver arrangements.

*Sustainable Solutions Fund*

Based on the information provided by ISS Corporate Solutions, the Trustees considered that the aggregate management fees for the Sustainable Solutions Fund were higher than the median and average aggregate management fees of the Fund's SRI peer group. They also noted that the total expense ratio of the Sustainable Solutions Fund's Institutional shares was higher than the median and average total expense ratios of the SRI peer group, after giving effect to the applicable contractual expense waiver arrangements. The Trustees considered additional contractual expense waiver arrangements that would be effective as of November 30, 2025.

*International Equity Fund*

Based on the information provided by ISS Corporate Solutions, the Trustees considered that the aggregate management fees for the International Equity Fund were higher than the median and average aggregate management fees of the Fund's SRI peer group. They also noted that the total expense ratio of the International Equity Fund's Institutional shares, was higher than the median and the average total expense ratios of the SRI peer group, after giving effect to the applicable contractual expense waiver arrangements. The Trustees considered a reduction in the Fund's management fee that went into effect as of August 1, 2024.

*Bond Fund*

Based on the information provided by ISS Corporate Solutions, the Trustees considered that the aggregate management fees for the Bond Fund were higher than the median and average aggregate management fees of the relevant SRI and non-SRI peer groups. They also noted that the total expense ratio of the Bond Fund's Institutional shares was higher than the median and average total expense ratios of the SRI and non-SRI peer groups, in each case after giving effect to the applicable contractual expense waiver arrangements.

The Board took into account management's discussion of each Funds' expenses, including the differences between the amount of those expenses and the expenses borne by the funds in the Fund's peer group, as well as the impact of the size of the Domini Fund complex on expenses relative to the expenses of the funds in the Fund's peer group. The Board also took into account the level and type of services provided by Domini to the Funds. The Board also noted management's discussion of the management fee structure with respect to each Fund and considered that Domini was waiving and/or reimbursing certain expenses for each of the Funds. The Board also took into account other comparative data compiled from Morningstar related to the Funds' fees and expenses.

Based on the foregoing, the Trustees concluded that management fees payable by each of the Funds were fair and reasonable in relation to the nature and quality of services provided and supported approval of the continuance of the Management Agreement with respect to each Fund.

**Costs of Services Provided and Profitability.** The Trustees reviewed information provided to them by Domini concerning the costs borne by and profitability of Domini in respect of its management relationship with each Fund and sponsorship relationship with the Equity Fund and administrative relationship with the Bond Fund for the 2024 calendar year, along with a description of the methodology used by Domini in preparing the profitability information. The Trustees also reviewed the financial results realized by Domini

in connection with the operations of each Fund for December 31, 2024. The Trustees also noted that Domini paid the submanagement fees for each of the Funds out of the management fees that it received from each Fund. The Trustees also considered that Domini had entered into expense limitation arrangements with respect to the Funds. The Board also took into account the risks that Domini assumes as each Fund's Adviser, including entrepreneurial, operational, reputational, litigation and regulatory risk. The Trustees concluded that they were satisfied that the level of profitability of Domini and its affiliates, if any, with respect to the services provided to each Fund was not excessive in view of the nature, quality and extent of services provided.

***Economies of Scale.*** The Trustees also considered whether economies of scale would be realized by Domini as each Fund's assets increased and the extent to which such economies of scale were reflected in the fees charged with respect to each Fund under the Management Agreements. The Trustees noted that there were breakpoints in the fee schedules with respect to each Fund. The Trustees concluded that breakpoints were an effective way to share economies of scale and that this was a positive factor in support of the approval of the continuance of the Management Agreement with respect to each Fund.

***Other Benefits.*** The Trustees considered the other benefits that Domini and its affiliates receive from their relationship with each Fund. The Trustees also considered the fees payable to Domini under the Sponsorship Agreement and Administration Agreement. The Trustees considered the brokerage practices of Domini and noted that, based on information provided to them, Domini does not currently receive the benefits of soft dollar commissions with respect to the Funds. The Trustees also considered the intangible benefits that may accrue to Domini and its affiliates by virtue of their relationship with the Funds. The Trustees concluded that the benefits received by Domini and its affiliates were reasonable in the context of the relationship between Domini and each of the Funds, and supported the approval of the continuance of the Management Agreement with respect to each Fund.

#### APPROVAL OF THE SUBMANAGEMENT AGREEMENTS

The primary factors and the conclusions regarding the Submanagement Agreements with respect to each Fund are described below. The Trustees did not identify any particular information or factor that was all-important or controlling, and each Trustee may have weighed certain factors differently. The Trustees noted that the evaluation process with respect to SSGA, Wellington Management, and the Submanagement Agreements is an ongoing one. In evaluating the Submanagement Agreements, the Trustees took into account their knowledge of SSGA and Wellington Management, and each of their services and the Funds resulting from the Trustees meetings and other information and interactions in past years, including quarterly performance reports containing reviews of investment results and prior presentations from the Adviser and the submanagers with respect to the Funds. The Trustees also took into account the recommendations and performance evaluations of Domini with respect to SSGA and Wellington Management and considered other factors (including conditions and trends prevailing generally in the economy, the securities markets and the industry). The Board considered renewal of the Submanagement Agreement with respect to each Fund separately.

Throughout the process, the Board asked questions of and requested additional information from management. The Independent Trustees are also separately assisted by independent legal counsel throughout the process. The Independent Trustees also received a memorandum discussing the legal standards for their consideration of the proposed continuation of the Submanagement Agreements and discussed the proposed continuation of the Submanagement Agreements in private sessions with their independent legal counsel at which no representatives of management were present.

***Nature, Quality, and Extent of Services Provided.*** The Trustees reviewed information and materials provided by SSGA and Wellington Management related to the applicable Submanagement Agreement with respect to each Fund, including the Submanagement Agreement, SSGA's and Wellington Management's Form ADV, a description of each firm and its organizational and management structure, its operational history and its legal and regulatory history, the manner in which investment decisions are made and executed, the financial condition of SSGA and Wellington Management and each firm's ability to provide

the services required under the applicable Submanagement Agreement, an overview of the personnel that perform services for each Fund, and SSGA and Wellington Management's compliance policies and procedures. The Board also considered SSGA's and Wellington Management's risk management processes and its policies and procedures with respect to cybersecurity, business continuity, and disaster recovery.

The Trustees reviewed the terms of each Submanagement Agreement and considered the scope and quality of the services provided by SSGA and Wellington Management to each Fund under the respective Submanagement Agreement. The Trustees noted that pursuant to each Submanagement Agreement, Domini, subject to the direction of the Board, is responsible for providing advice and guidance with respect to each Fund and for managing the investment of the assets of each Fund, which it does including by engaging and overseeing the activities of SSGA and Wellington Management, as applicable. It was noted, with respect to the Equity Fund and Sustainable Solutions Fund, that Domini applies its environmental and social standards to select such Fund's investments and that SSGA, the Fund's submanager, purchases and sells securities to implement Domini's selections and for managing the amount of the Fund's assets to be held in short-term investments. It was noted with respect to the International Equity Fund and Bond Fund, that Domini applies its environmental and social standards to a universe of securities provided by Wellington Management with respect to each Fund and that Wellington Management provides the day-to-day portfolio management of each Fund, including making purchases and sales of securities consistent with each Fund's investment objective and policies and Domini's environmental and social standards.

The Trustees then considered the professional experience, tenure, and qualifications of the portfolio management team of each Fund and the other senior personnel at SSGA and Wellington Management. They also reviewed SSGA and Wellington Management's compliance record. The Trustees also noted that, on a regular basis, it receives information from the Trust's Chief Compliance Officer (CCO) regarding SSGA and Wellington Management's compliance policies and procedures, including its Code of Ethics. The Trustees noted that there were no material changes to the teams providing services to each Fund. The Trustees also received information with respect to SSGA and Wellington Management's brokerage policies and practices, including with respect to best execution and soft dollars. The terms of the Submanagement Agreements were also reviewed by the Trustees.

Based on the foregoing, the Trustees concluded that they were satisfied with the nature, quality, and extent of services provided by SSGA and Wellington Management to each Fund under the applicable Submanagement Agreement.

**Performance Information.** As noted above, the Trustees considered the investment performance of each Fund over various time periods based on data provided by Domini including for the 1-, 3-, 5-, and 10-year periods ended December 31, 2024 (or, for the Sustainable Solutions Fund, which commenced operations in 2020, for the 1-year, 3-year, and since inception periods). This information was compared to performance information with respect to each Fund's respective benchmark. The Trustees also compared the investment performance of each Fund for the 1-, 3-, 5-, and 10-year periods ended January 31, 2025 (or, for the Sustainable Solutions Fund, which commenced operations in 2020, for the 1-year and 3-year periods), to the performance of a peer group of socially responsible (SRI) funds and non-SRI Funds, as applicable, as identified by ISS Corporate Solutions, Inc. ("ISS Corporate Solutions"), an independent third-party data provider. The Trustees also took into account Domini's evaluation of SSGA's and Wellington Management's performance with respect to each Fund.

The Trustees concluded that they had continued confidence in SSGA's and Wellington Management's overall capability to manage the respective Funds for which they served as Submanager.

**Fees and Other Expenses.** The Trustees considered the submanagement fees paid by Domini to SSGA and Wellington Management under the Submanagement Agreement with respect to each Fund. The Trustees noted that each Submanagement Agreement had been negotiated at arms-length between Domini and SSGA or Wellington Management, as applicable. The Trustees noted SSGA's representation that it does not

manage any other client portfolios that have similar investment objectives and strategies to the Equity Fund or the Sustainable Solutions Fund, because of the unique investment approach applied to such Funds (combining investment selection from Domini and trade implementation and management of short-term investments by SSGA). The Trustees noted Wellington Management's representation that it does not manage any other client portfolios that have similar investment objectives and strategies to the International Equity Fund or the Bond Fund because of the unique investment approach applied to such Funds (combining proprietary analysis from Domini and Wellington Management). The Trustees also compared SSGA's and Wellington Management's fee with respect to each Fund against the other Funds and took into account the different investment strategies of each Fund. The Trustees also noted the comparative sub-advisory fee information, as available, in the report provided by ISS Corporate Solutions, with respect to each Fund. The Trustees considered a reduction in the submanagement fee for the International Equity Fund that went into effect as of August 1, 2024. The Trustees noted that, with respect to each Fund, Domini (and not the applicable Fund) pays SSGA and Wellington Management from its management fee and that they had reviewed the management fee and comparative fee information in connection with their consideration of the Management Agreement with respect to each Fund.

The Trustees determined, based on the nature and quality of the services provided by SSGA and Wellington Management, and in light of the preceding factors, that the fees paid by Domini to SSGA and Wellington Management with respect to each Fund were fair and reasonable in relation to the nature and quality of services provided and supported approval of the continuance of the Submanagement Agreement with respect to each Fund.

#### *Costs of Services Provided and Profitability.*

##### *Equity Fund and Sustainable Solutions Fund*

The Trustees reviewed financial information provided by SSGA, including a summary profitability statement which identified the revenues and expenses generated by the Funds as separate items. Based on the allocation methodology described and information provided, the Trustees concluded that they were satisfied that SSGA's level of profitability with respect to services provided to the Fund was not excessive. However, the Board also took into account that each Submanagement Agreement was negotiated on an arms-length basis and that Domini, and not the Funds, pays the submanagement fees to SSGA from its advisory fee and that, therefore, the costs of the services provided and the profitability realized by SSGA was not a material factor in the Board consideration.

##### *International Equity Fund and Bond Fund*

The Trustees reviewed financial information provided by Wellington Management, including a pro-forma income statement. Based on the information provided, the Trustees concluded that they were satisfied that Wellington Management's level of profitability with respect to services provided to that Fund was not excessive. However, the Board also took into account that the Submanagement Agreements were negotiated on an arms-length basis and that Domini, and not the Funds, pays the submanagement fees to Wellington Management from its advisory fee and that, therefore, the costs of the services provided and the profitability realized by Wellington Management was not a material factor in the Board consideration.

***Economies of Scale.*** The Trustees also considered whether economies of scale would be realized by SSGA and Wellington Management as the assets in each Fund increased and the extent to which economies of scale were reflected in the fee schedule for that Fund under each Submanagement Agreement. The Trustees noted that the submanagement fees are paid by Domini and not the Fund. However, the Trustees noted the breakpoints in fees payable under each Submanagement Agreement with respect to each Fund, as well as breakpoints in the fees payable to Domini under the Management Agreement for each Fund, and concluded that such breakpoints were an effective way to share economies of scale with shareholders as the assets in each Fund grew and supported the approval of the applicable Submanagement Agreement.

***Other Benefits.*** The Trustees considered the other benefits that SSGA and Wellington Management and their respective affiliates received from their relationship with the Funds. The Board noted that one of

SSGA's affiliates currently serves as the Funds' Custodian. The Board noted that none of Wellington Management or any of its affiliates provided any other services to the Funds. The Trustees also considered the brokerage practices of SSGA and Wellington Management, including each entity's use of soft dollar arrangements. In addition, the Trustees considered the intangible benefits that accrued to SSGA and Wellington Management and their respective affiliates by virtue of their relationship with the Funds.

The Trustees concluded that the benefits received by SSGA, Wellington Management, and their respective affiliates were reasonable in the context of the relationship between SSGA or Wellington Management, and each applicable Fund, and supported the approval of the Submanagement Agreement with respect to each Fund.

\* \* \* \* \*

Based on the Board's evaluation of all factors that the Board deemed to be material, including those factors described above, the Board, including the Independent Trustees, concluded that renewal of the Agreements would be in the best interest of each respective Fund and its shareholders. Accordingly, the Board, and the Independent Trustees voting separately, approved the Agreements, respectively, for an additional one-year period.
