16 Certification Regarding Beneficial Owners of Legal Entity Customers

I. GENERAL INSTRUCTIONS/DEFINITIONS

In compliance with the Customer Due Diligence requirements issued by the Financial Crimes Enforcement Network (FinCEN), financial institutions must identify and verify the identity of the beneficial owners of all legal entity customers.

This form must be completed by the person opening a new account on behalf of a legal entity customer. For the purposes of this form, a legal entity includes a corporation, limited liability company, or other entity that is created by filing a public document with a Secretary of State or similar office, a general partnership, and any similar business entity formed in the United States or a foreign country. Legal entity does not include sole proprietorships, unincorporated associations, or natural persons opening account on their own behalf.

This form requires you provide the name, address, date of birth and Social Security number (or passport number or other similar information, in the case of non-U.S. Persons) for the following individuals (i.e., the beneficial owners):

- (i) Each individual, if any, who owns, directly or indirectly, 25 percent or more of the equity interests of the legal entity customer (e.g., each natural person that owns 25 percent or more of the shares of a corporation); and
- (ii) An individual with significant responsibility for managing the legal entity customer (e.g., a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, or Treasurer).

The number of individuals that satisfy this definition of "beneficial owner" may vary. Under section (i), depending on the factual circumstances, up to four individuals (but as few as zero) may need to be identified. Regardless of the number of individuals identified in section (i), you must provide the identifying information of one individual under section (ii). It is possible that in some circumstances the same individual might be identified under both sections (e.g., the President of ACME, Inc. who also holds a 30 percent equity interest). Thus, a completed form will contain the identifying information of at least one individual (under section (ii)), and up to five individuals (i.e., one individual under section (ii) and four 25 percent equity holders under section (i)).

The financial institution may also ask to see a copy of a driver's license or other identifying document for each beneficial owner listed on this form.

- a. Name and Title of Natural Person Opening Account:

Business Continuity Plan Disclosure Statement – Domini Funds

Domini Impact Investments LLC and its affiliated distributor, DSIL Investment Services LLC, maintain a Business Continuity Plan (BCP) that has been developed with the goal of protecting the health and safety of our employees and maintaining continuity of service for our Domini Funds shareholders. Our plan is designed to ensure that we are prepared to operate through significant business disruptions, so that our shareholders can access their funds without significant interruption under most circumstances.

Key elements of our BCP include the following:

- Critical data from our computer systems is backed up daily to geographically remote, secure facilities.
- All Domini employees can access Domini’s computer data remotely via a secure connection. In the event that Domini’s primary network is not accessible, Domini maintains replicas of all files and database servers in a geographically remote disaster-recovery network available to all employees over a secure connection.
- We maintain an office evacuation plan and emergency procedures in the event of a disaster affecting our primary office facilities or surrounding area.
- We maintain an emergency contact list and procedures updated and distributed on a regular basis.

Our mission critical functions, including shareholder transaction processing, custody and fund accounting, and investment submanagement, are accomplished through our key service providers. We require these key service providers to maintain business continuity plans that Domini reviews at least annually. The BCP is designed to address significant business disruptions of varying scope, including a firm-only disruption, single-building disruption, city-wide business disruption, or a regional disruption. In the event of a significant business disruption, our employees are to communicate from alternate locations and access Domini’s computer data remotely. Key service providers would be contacted, and would, if possible, continue to provide critical shareholder transaction processing, custody, fund accounting, and investment submanagement services. Our key service providers maintain offices outside New York City, and would not be affected by a city-wide business disruption. Even in the event of a regional disruption of significant scope, we require our key service providers to maintain alternate business locations that can help enable them to resume critical functions in a reasonable period of time.

If you need to contact us after a significant business disruption, please call our Shareholder Information telephone number at 1-800-582-6757, our main office telephone number at 212-217-1100, or visit our website at www.domini.com and go to the “Contact Us” link. If you cannot contact us by calling our Shareholder Information phone number, our main office phone number, or our website, please contact our transfer agent, Ultimus Fund Solutions, LLC, at 513.587.3400 or through its website at <https://www.ultimusfundsolutions.com/contact/>.

It is impossible for us to anticipate every potential problem that may occur, but we believe our BCP will enable us to continue to conduct business in the event of a variety of possible business disruptions. We believe that our BCP is reasonably designed to help us limit the recovery time necessary to resume operations.

We review and test our BCP at least annually. The BCP is subject to modification based on changing circumstances and assessment of need.
